

Dear Sir or Madam,

The Université Laval Scholarships and Financial Aid Office (BBAF) is pleased to learn that you wish to continue your studies at Laval University.

\*\*\* It is important to know that before you can apply for a scholarship, you must have submitted a complete application for admission, including [the application fee](#), at Laval University. \* \*\*

### IMPORTANT : Study costs

As a preparatory process for your arrival in Canada, you must have sufficient funds to cover all of your expenses for the duration of your stay, before leaving your country.

For the amounts required, consult the tables available on [the Fees and budgeting page](#) of the Université Laval website.

These funds must be exclusively reserved to cover tuition, insurance costs, food, accommodation, transportation and leisure costs for **one person**.

Please note that in no case may Laval University act as an intermediary between a candidate for a scholarship and the organizations that grant it. **You must take the steps yourself to apply**, from your country of origin.

### **MEES / UL exemption program**

Among the exemption programs, that of MEES / UL allows all Laval University students enrolled in a 3rd cycle doctorate to be exempt from additional tuition fees. This represents a reduction in the cost of education by approximately \$ 40,000.

### **[Research grants](#)**

Many faculties offer financial support equal to the grants provided for research by various agencies.

For information, contact your **faculty program director**.

## NOTICE ON FRAUD

Attempts to defraud using the name of Laval University are rampant in some countries. These occur in particular by email, on websites or on social media. Fraudsters often say they are partners with Université Laval and are trying to obtain money or confidential information in order to steal the identity of their victims. They use the official logo of Université Laval, produce false documents and maliciously promote scholarships.

Laval University has never offered 400 Canadian scholarships.

For more information, we invite you to visit [the Université Laval website](#).

For more information, you can consult the summary of possible [funding for international students](#) or contact us by email at the following address: [info@bbaf.ulaval.ca](mailto:info@bbaf.ulaval.ca).

We wish you, Madam, Sir, the best of success in pursuing your study project.
